

DAIRY FARM – VITEBSK – BELARUS

This is a dairy farm in the region of Vitebsk in Belarus where **ZINGA** was applied in the years 2005 & 2006.

This is one of the many farms of this kind in Belarus where **ZINGA** has been chosen as anti-corrosion system for beams, fences, cages and other metal structures.

Surface preparation:
Grit-blasting SA 2,5
and Ra 15-20 μm

ZINGA 2 x 60 μm DFT

Application: Airless spraying
