CHANG BEER, which first started production in March 1995 at the brewery in the district of Bang Ban, Ayutthaya Province, is the top-selling brand in Thailand.

CHANG BEER is part of the Thai Beverage Public Company Limited who owns and distributes several significant brands including **CHANG BEER**, **MEKHONG** and **SANG SOM** rum. It also has significant operations in Europe.

In 2011, **ZINGA** was used to repair the sensitive parts of the silos that were previously hot-dip galvanized. The bolts, edges and roofs were protected against corrosion by applying 1 layer of **ZINGA**.
